

**Client: Cox Richardson Architects & Planners - Sydney**

**Australian Maritime Museum Ticket Booth:**

Adshel Infrastructure was approached by Cox Richardson Architects to design a new ticket booth for the Australian National Maritime Museum at Darling Harbour, Sydney. The ticket booth is an innovative adaption of the Evo shelter and utilises glass and Aluminium paneling, a security door and specialised ticket windows with a hearing loop. The finished ticket booth is completely watertight and has been finished with both external signage and vinyl decals. Internally, the booth is fitted with computer desks, drawers, storage cupboards and a split system air conditioner.
